If your motherboard has PS/2 mouse and PS/2 keyboard onboard, the following 4 items are helpful.
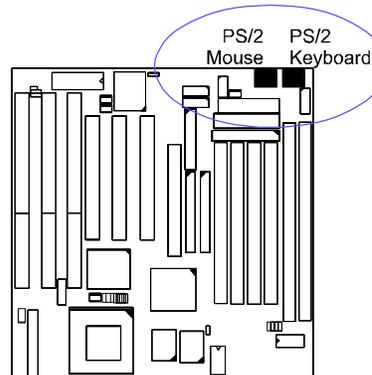

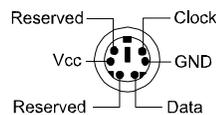

1. **Page 8:** the figure of upper-right part was updated, others remain the same.

2. **Page 9:** Item of AT_KB changed into MS (connector for PS/2 mouse) and KB (connector for PS/2 keyboard).

3. **Page 22, the figure and text about *Keyboard Connector: AT_KB* were replaced by the following information -**

   PS/2 Keyboard and Mouse Connector: KB, MS
   These two 6-pin female connectors are used for your PS/2 keyboard and PS/2 mouse.

4. **Page 25:** the figure and text about *PS/2 Mouse Connector: MS_CON* were removed.
