AN19 Series Update v1

** Instructions for updating drivers to correct incorrect auto installation of the audio drivers for AN19 series on Windows XP from the 1st Utilities CD v1.0

STEPS:

- 1. Please press the START button on the task bar. Then move the cursor up to the My Computer icon. Right click on the Icon. A listing will appear. Please left click on the Properties option as seen in the photo below (diagram 1.1)
 - a. 1.1

- 2. A window will appear for the System Properties. Please click on the Hardware tab as seen in the photo (diagram 2.1).
 - a. 2.1

i.

Please click on the Device Manager button. This will open a new window labeled Device Manager. Find the item Multimedia Audio Controller highlighted by a yellow Question mark. Right click with your mouse on this item and click on the properties option as seen in the photo (Diagram 3.1). A new window will appear Multimedia Audio Controller. (Diagram 3.2
